

Step by Step - Accessing EtrainU non-accredited 'taster' modules through the CS Gateway Website.

1. Visit our website: <https://communitygatewayschools.org.au/>
2. Register or login to the members area:

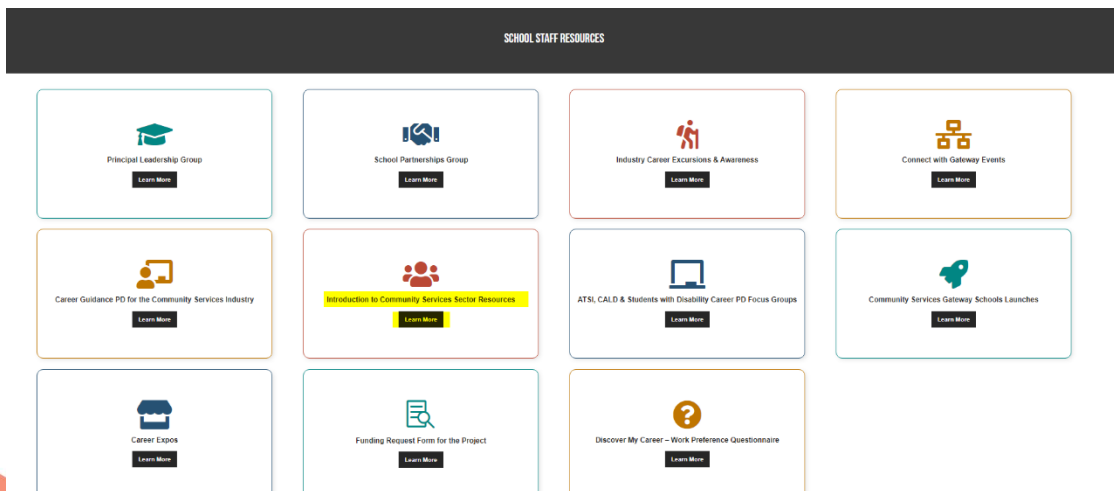

3. Once logged into the members area, to access the EtrainU 'taster' modules you will either navigate to:

*Student Portal*

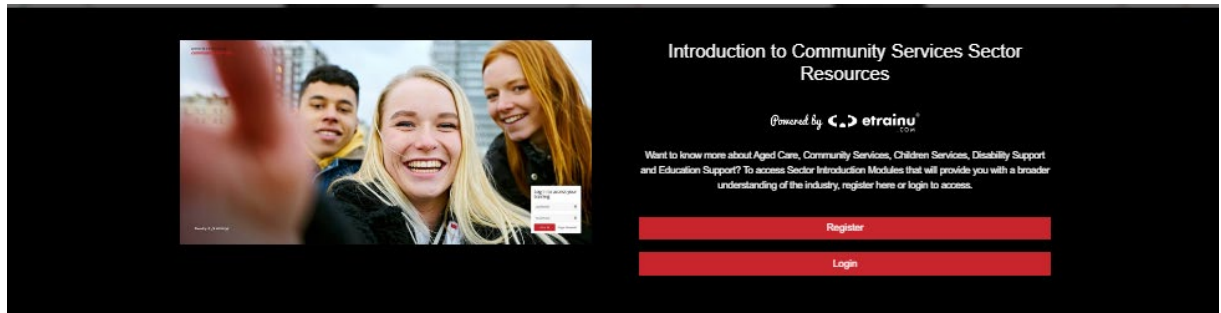

*School Staff Portal*

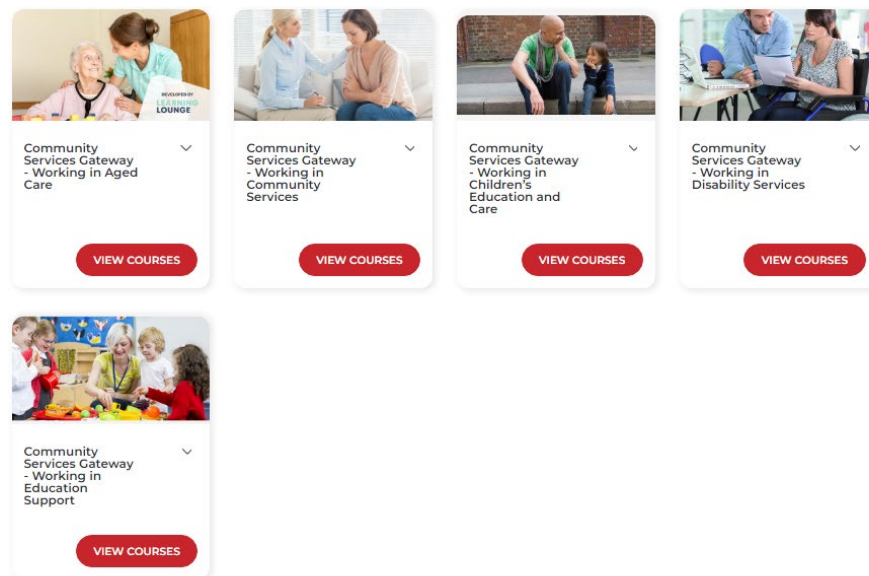

4. You will then be required to register for the EtrainU website:

*\*\* For school Staff registering for EtrainU, please note that it will request a Year Level from you to progress to the next step. This won't affect your registration, so please select the Year level that you believe is most suitable to your role. \*\**

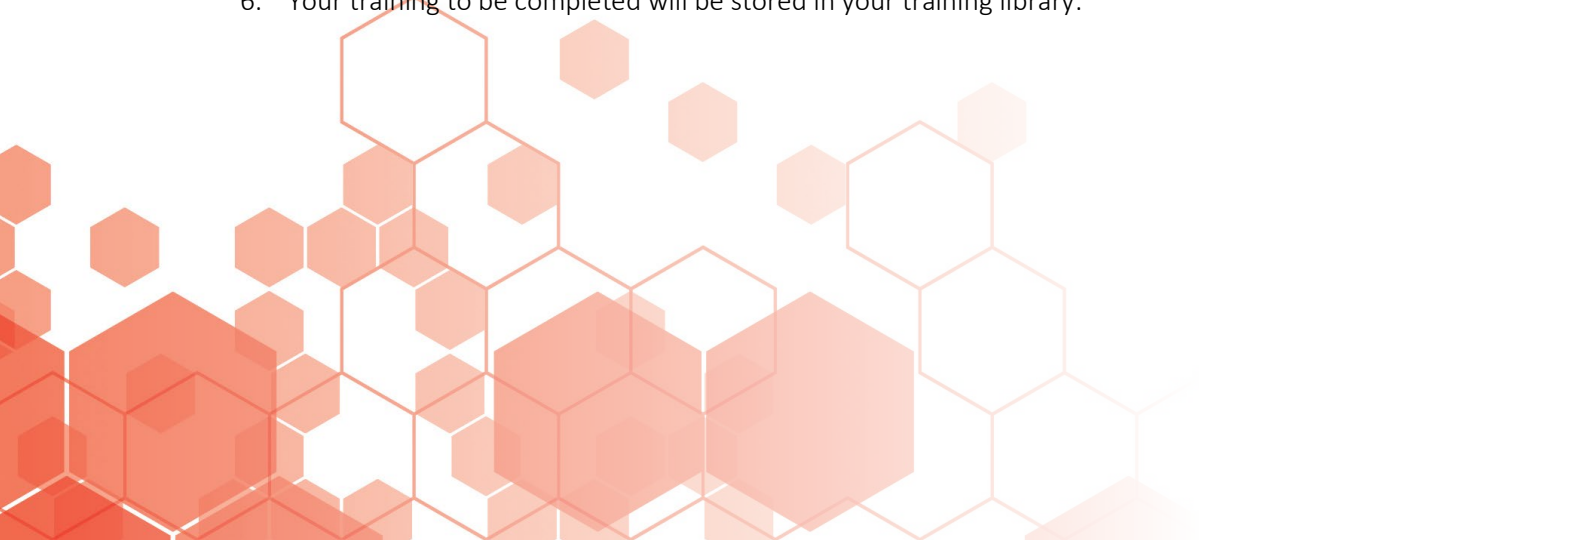

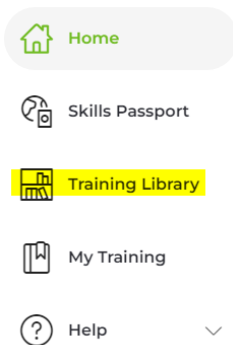

5. Once logged into EtrainU, begin your journey by selecting one of the following courses:

### Course Categories

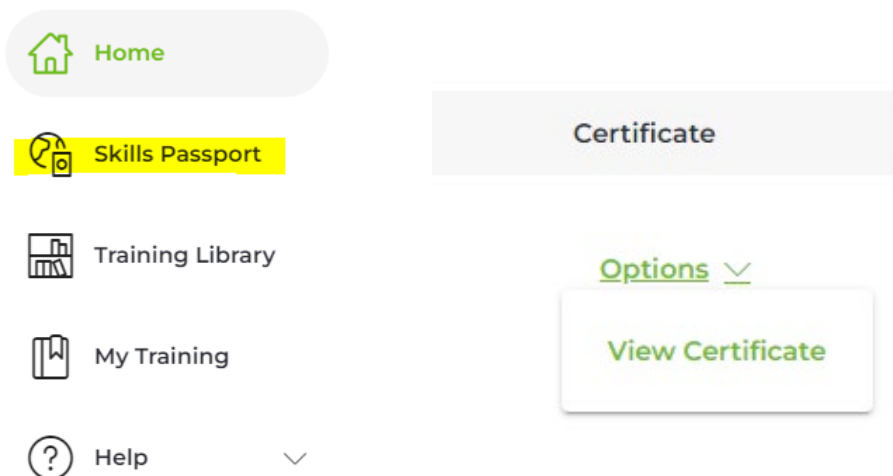

6. Your training to be completed will be stored in your training library:

7. Once you have completed a course, visit your 'skills passport' to download your certificates:

**HAPPY TRAINING** 😊

**P.S FOR STUDENTS:** Don't forget to include your downloadable certificates onto your resume when applying for jobs in the Industry!
